1.	<p>We are a local consulting company duly registered with SECP and FBR. It has been on the active tax payers list since its inception in July 2002. In the last fifteen years we have undertaken more than 100 projects in telecom sector. We are interested in bidding for the above consultancy. However, as an active consultant it also has ongoing projects with some of the operators in Pakistan, AJK and GB. We are providing consultancy services for optical fiber connectivity. We are also providing service quality monitoring services for international roaming services and international calls.</p> <p>Kindly clarify whether the above mentioned projects of local consulting company or any of its team members constitute conflict of interest for PTA for the above mentioned consultancy under Clause 3.7 of the RFP even though it's relationship has nothing to do with licensing.</p>	<p>The proposal may be submitted as per requirement and the deadline, however, detailed evaluation of the mentioned information will be made after receipt of proposal.</p>
